REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims is the inclusion of the feature in an optical submount of a trench in the substrate for holding an optoelectronic device on-edge, wherein this is defined by the specification as a position so that surfaces of the optoelectronic device having contact pads and an active area are perpendicular to a top surface of the substrate in combination with an electrical connection pit adjoining the trench and a metallization layer in the electrical connection pit which is not anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
